

### NOTES

- Verifying Dimensions.  
The contractor shall verify dimensions against such other drawings or site conditions as pertain to this part of the work.
- Existing Services.  
Any information concerning the location of existing services indicated on this drawing is intended for general guidance only. It shall be the responsibility of the contractor to determine and verify the exact horizontal and vertical alignment of all cables, pipes, etc. (both underground and overhead) before work commences.
- Issue of Drawings.  
Hard copies, dwf and pdf will form a controlled issue of the drawing. All other formats (dwg, dxf etc.) are deemed to be an uncontrolled issue and any work carried out based on these files is at the recipient's own risk. RPS will not accept any responsibility for any errors arising from the use of these files, either by human error by the recipient, listing of un-dimensioned measurements, compatibility issues with the recipient's software, and any errors arising when these files are used to aid the recipient's drawing production, or setting out on site.

### Legend

- Site Boundary (Outside edge of line denotes boundary)
- Indicative extent of existing vegetation (including trees) outside of site boundary
- Indicative extent of existing hedgerows (with trees) outside of site boundary
- Indicative location of existing hedgerows (with trees) within site boundary to be retained and protected in accordance with BS 5812:2012
- Tree planting implemented as part of Proposed Development to be retained.
- Hedgerow planting implemented as part of Proposed Development to be retained.
- Screen Planting implemented as part of Proposed Development to be retained.
- Infill Planting implemented as part of Proposed Development to be retained.
- Seeding to former panel areas
- Seeding to former access track areas
